About this demo

This is a **free demo PDF** from StudyElites. It contains sample chapters from our Banking Study Material so you can preview the structure, depth and quality of the full product before purchasing.

The full version (delivered after purchase via Razorpay) contains the complete chapter set, additional practice sets, previous-year question walkthroughs, and topic-wise quick-revision sheets. This demo covers approximately 15-20% of the full material.

What's inside this demo

- Chapter 1 - Reasoning Ability (Puzzles, seating arrangement, syllogism)
- Chapter 2 - Quantitative Aptitude (Data interpretation, simplification)
- Chapter 3 - Banking Awareness (RBI, monetary policy, banking products)
- Practice question bank with answer key

Note: All content in this demo is original sample material written for StudyElites.online. It is not copied from any third-party source. Distribution outside your personal use is not permitted.

Chapter 1

Reasoning Ability

1.1 Puzzles, seating arrangement, syllogism

Reasoning Ability is the highest-weightage section in Banking Prelims and Mains. Puzzles and seating arrangement alone account for 15-20 marks in most PO papers. The trick is to read the question once carefully, draw a clean diagram, fill in definite clues first, then handle conditional clauses with case-splitting.

Syllogism questions test your understanding of logical statements. Use the Venn diagram approach for quick visualisation: 'All A are B' becomes a circle of A inside a circle of B. Negative conclusions like 'Some A are not B' require extra care - only conclude if the Venn diagram definitively supports it.

1.2 Important Formulas / Rules

All A are B => circle A inside circle B

Some A are B => circles overlap

No A is B => circles separate (no overlap)

1.3 Worked Example

Example. Statements: All cats are dogs. Some dogs are pets. Conclusion: Some cats are pets.

Invalid. Cats are inside dogs, but only some dogs are pets. The cats could be in the part that is not pets. Hence the conclusion does not necessarily follow.

Chapter 2

Quantitative Aptitude

2.1 Data interpretation, simplification

Banking Quant is more calculation-heavy than SSC. Data Interpretation (DI) sets - tables, line charts, bar charts, pie charts - dominate the Mains paper. The trick is to learn fast approximation: round 47.3 to 50, 22.8 to 25, do the calculation, then adjust.

Simplification questions test BODMAS fluency. Practice 30 simplification problems daily for 2 weeks and you will comfortably attempt all 15 in under 7 minutes in the actual exam. Use squares (1-30), cubes (1-15), and fraction-to-percentage conversions.

2.2 Important Formulas / Rules

BODMAS: Bracket, Of, Division, Multiplication, Addition, Subtraction

Percentage change = $(\text{new} - \text{old}) / \text{old} \times 100$

Average = $\text{sum of observations} / \text{number of observations}$

2.3 Worked Example

Example. Simplify: 25% of 480 + 12.5% of 320.

25% of 480 = 120. 12.5% of 320 = 40 (since 12.5% = 1/8). Total = 160.

Chapter 3

Banking Awareness

3.1 RBI, monetary policy, banking products

Banking Awareness covers the structure of the Indian banking system, RBI's role, monetary policy tools (repo, reverse repo, CRR, SLR), and common banking products (savings accounts, fixed deposits, loans, cards). 15-20 questions appear in Mains.

RBI was established on 1 April 1935 under the RBI Act, 1934. It was nationalised on 1 January 1949. RBI's monetary policy tools include Repo Rate (the rate at which RBI lends to banks), Reverse Repo (rate at which RBI borrows from banks), Cash Reserve Ratio (CRR - % of deposits banks must keep with RBI), and Statutory Liquidity Ratio (SLR - % of deposits banks must keep in liquid assets).

3.2 Important Formulas / Rules

Repo Rate: RBI lends to banks (currently ~6.5%)

CRR: % of NDTL kept with RBI in cash

SLR: % of NDTL kept in liquid assets (govt bonds, gold, cash)

3.3 Worked Example

Example. If CRR is 4.5% and a bank has deposits of Rs.10,000 crore, how much must it keep with RBI?

CRR amount = 4.5% of 10,000 = Rs.450 crore kept with RBI in cash (no interest earned).

Practice Question Bank

10 sample questions with answer key.

Reasoning

Q1. All cats are dogs. Some dogs are pets. Conclusion: Some cats are pets.

- (A) Valid
- (B) Invalid
- (C) Cannot say
- (D) Both valid and invalid

Answer: (B) Invalid - cats could be in the part of dogs that is not pets.

Q2. Pointing to a photo, a man said, 'She is the daughter of my grandfather's only son.' How is she related to him?

- (A) Sister
- (B) Daughter
- (C) Wife
- (D) Mother

Answer: (B) Daughter - grandfather's only son = man's father; father's daughter = man's sister or himself's daughter. 'My grandfather's only son' = his father. 'Daughter of father' = his sister.

Quant

Q3. 25% of 480 + 12.5% of 320 = ?

- (A) 140
- (B) 150
- (C) 160
- (D) 170

Answer: (C) 160 - 25% of 480 = 120; 12.5% (1/8) of 320 = 40; total = 160.

Q4. If 5 men build a wall in 10 days, how many days will 8 men take?

- (A) 5
- (B) 6.25
- (C) 7
- (D) 8

Answer: (B) 6.25 days - work = $5 \times 10 = 50$ man-days; $50/8 = 6.25$.

Q5. Average of 5 consecutive even numbers is 16. Largest number?

- (A) 18
- (B) 20
- (C) 22
- (D) 24

Answer: (B) 20 - average = middle number = 16; numbers 12, 14, 16, 18, 20.

English

Q6. Choose the correct synonym of DILIGENT:

- (A) Lazy
- (B) Hardworking
- (C) Careless
- (D) Slow

Answer: (B) Hardworking.

Q7. Choose the correct antonym of GENEROUS:

- (A) Kind
- (B) Stingy
- (C) Open
- (D) Lavish

Answer: (B) Stingy.

Banking Awareness

Q8. When was RBI established?

- (A) 1 April 1935
- (B) 1 April 1947
- (C) 1 April 1950
- (D) 1 April 1969

Answer: (A) 1 April 1935.

Q9. What is the current CRR (as of 2024)?

- (A) 3%
- (B) 3.5%
- (C) 4%
- (D) 4.5%

Answer: (D) 4.5% (as of 2024).

Q10. Where is the headquarters of RBI?

- (A) Mumbai
- (B) New Delhi
- (C) Kolkata
- (D) Chennai

Answer: (A) Mumbai - central office moved from Kolkata to Mumbai in 1937.

About StudyElites & How to Get Full Access

This demo PDF was prepared by **StudyElites.online** as a free preview of our Banking Study Material. We hope it gave you a clear sense of the structure, depth and tone of our products.

What you get in the full version

The complete Banking Study Material includes 10+ chapters with full theory, 100+ worked examples, shortcut techniques, previous-year question walkthroughs and topic-wise practice sets with detailed solutions. The full PDF is roughly 150-250 pages.

How to purchase

Two ways to get access

- 1. Single product** - Buy this product individually from the Products page on studyelites.online. Secure payment via Razorpay, instant download after verification.
- 2. Membership** - Get the StudyElites 30-Day Membership for Rs.29. Includes access to all six study materials for 30 days plus our Telegram educational community.

Contact

For any access issue, refund request, or query about your purchase, write to **ankushjha4806@gmail.com**. Please include your Razorpay Order ID and Payment ID (shown in the success dialog after payment) for the fastest resolution.
